# COMPANY

## Profile

## Introduction

---

K&K Insurance Group, Inc. (**kandkinsurance.com**) is a leading provider of specialty insurance products and services to the sports, leisure and entertainment industries. As a managing general underwriter for several insurance companies, K&K performs a variety of key functions to deliver outstanding service to our clients, such as: product/program development, sales & marketing, underwriting, policy issuance & administration, loss control & risk management, and claims management. K&K is owned by Aon plc (**aon.com**), the leading global provider of risk management, insurance and reinsurance brokerage, and human resources solutions and outsourcing services.

## Program Focus

---

Over the years, one key to K&K's success has been its commitment to a "program" business philosophy. Focusing only on sports, leisure and entertainment risks allows us to understand the unique needs of these industries and effectively design specialized insurance solutions. Our production underwriters and claims representatives are responsible for overseeing specific program groups rather than geographic territories. This familiarity with our clients' business allows them to anticipate needs and provide high quality products and services.

K&K offers over 70 specialty programs and will consider other sports and recreation submissions outside of those programs currently available. K&K is also willing to develop insurance programs for producers with books of sports, leisure and entertainment business.

## Products

---

K&K offers a wide array of customized commercial property & casualty insurance products on a program basis. Coverages are available in all states and written on an admitted or surplus lines basis depending on the program's filing status. Our programs are available to individual business owners and event organizers as well as large organizations and associations.

Coverages available to our sports, leisure and entertainment clients may include: commercial general liability, commercial auto, property, business income, crime, inland marine, excess liability, workers compensation and other specialty coverages such as products liability, participant accident medical, disability income and more.

## Experience

---

K&K brings over 65 years of specialty insurance experience to its clients. Each year, K&K provides coverage to more than 350,000 sport, leisure & entertainment events and organizations throughout North America. Our experienced and dedicated insurance underwriting and claims professionals work from our Fort Wayne, Indiana headquarters and provide world-class service to our clients.

## Distribution

---

The vast majority of insurance coverage provided by K&K is written through licensed independent agents and brokers throughout North America. While certain specified program classes are available to insureds on a direct basis, most choose to purchase K&K's innovative insurance programs through local or specialized insurance agents or brokers. Producers can work with K&K by simply verifying proper state insurance licensing and providing evidence of errors & omissions coverage. No volume requirements apply.

# AGENT/BROKER

Information

## Opportunity

---

K&K's insurance programs cover some of the world's most fascinating industries and offer unique growth opportunities to agents and brokers. As a leading provider of specialty insurance products and services to the sports, leisure and entertainment industries, K&K delivers world-class service and specialized products to its producers giving them a distinctive advantage over standard market alternatives.

As a managing general underwriter for several insurance carriers, K&K conducts product and program development; sales and marketing; underwriting; policy issuance and administration; loss control and risk management; and claim management services.

## Working with K&K

---

K&K requires no volume commitments. Our goal is to make it easy for licensed producers to work with us. No prior appointment or agreement is necessary to submit applications for a coverage quotation. Upon binding the first account, agencies and individual producers are required to provide proper licensing documentation and errors & omissions coverage verification.

## Submitting Business

---

For most K&K programs, particularly general liability coverages, special K&K applications and/or enrollment forms must be completed for us to better understand and appropriately review an account.

Applications can be obtained from our office or downloaded directly from our website at: [kandkinsurance.com](http://kandkinsurance.com). If special applications are not required, the coverage request can be submitted on standard ACORD applications or similar equivalent. All submissions will typically require the following:

- Brief narrative: describing in detail the general nature of the operation or risk.
- Applications: specialty applications along with necessary ACORD applications, signed by the applicant.
- Loss experience: 3-5 years of carrier loss runs with explanations for losses in excess of \$25,000.
- Diagrams and/or photos: particularly for event liability and property coverages.
- Supplemental information: contracts, vendor agreements, waiver and release forms, rule books, event guidelines, emergency evacuation plans, etc.

## Commissions

---

Due to the unique aspects of each specialty program we develop, commission rates can vary by program class and/or coverage line. Please verify your commission rate with the K&K representative processing your submission. If you charge the insured a fee for services and would prefer to receive a quotation "net" of commission, please let your representative know.

## Service

---

The managing underwriter agreements with our carriers grant K&K exclusive authority for a number of functions that cannot be passed along to agencies, such as binding coverage; policy, endorsement and certificate processing; claims handling; and loss control. Contact your K&K representative with any questions regarding detailed procedures involving these services.

All descriptions of coverage are for informational purposes only and do not amend, alter or modify the actual terms or conditions of any insurance policy. Coverage is governed only by the terms and conditions of the relevant policy.
